Joseph,

I just finished a meeting with our team. They have changed the priorities of our product team to begin a complete reintegration of Facebook with Facebook connect. They are putting together a detailed product plan and studying intensively how to get the maximum innovation through Facebook connect.

I am waiting for them to final the complete product plan and schedule and allocation of resources.

Based on the more detailed feedback, I am concerned that my goal of December 26th may have been too optimistic. Rather than waiting until the last day, I would like to have an open and transparent conversation with you about our progress and also early next week share with you a visual product plan on what is being implemented for you to fully appreciate the amount of resources and time we are putting into this reintegration with Facebook connect.

It is my hope that after I present this that you and your team will see the good faith effort that our team is making to make this integration as smooth as possible.

I would like to reconvene by telephone with you on December 23rd at the end of the day to present the latest progress.

I am not expecting anything from you now, but only to provide you an update on our progress and ensure that we have open communication as we make a full effort to integrate this. On December 23rd, I will share a demo showing how we are integrating Facebook connect.

Thanks,
Steve

Sounds good. Let's shoot for 1:30 pm?

I'll call you.

Thanks for getting back to me, Steve.

Joe

I will be free to go over these terms tomorrow. I am on a flight all morning, but should be free to talk around noon.

Thanks,
Steve

Steve and Felipe,

I am sorry that we were not able to match schedules on Friday. Facebook has reviewed this letter, and is willing to accept your offer to have Facebook Connect implemented by EOD December 26 – which is two weeks from the date you sent the letter.

Meanwhile, as you may know, Facebook has taken technical measures to limit the interaction between Power.com and its network at this time. In order to fully initialize your integrated Facebook Connect status, and to lift those technical measures, Facebook requires written confirmation of the following:

1. That Power.com has purged and destroyed all data that it obtained from the Facebook network or from Facebook users prior to implementation of Facebook Connect, including all login information and/or any other data obtained or scraped from Facebook's site.
2. That Power.com has ceased displaying Facebook's trademarks on its website, except as expressly permitted by Facebook's Terms of Use, Developer Terms of Service, and/or Facebook's Connect Policies (see http://wiki.developers.facebook.com/index.php/Facebook_Connect_Policies).
3. That Power.com has implemented Facebook Connect in strict adherence to Facebook's Terms of Use, Developer Terms of Service, and/or Connect Policies.
4. That Power.com has removed all compatibility with Facebook's site that does not comply with Facebook's Terms of Use, Developer Terms of Service and/or Connect Policies.
5. That Power.com will in the future adhere to all of Facebook's Terms of Use, Developer Terms of Service, Connect Policies.

While Facebook does not object to Power.com's efforts to interact with Facebook's developer teams via normal channels, it will not set up any special developer meetings for Power.com.

Lastly, regarding your proposed notice to Facebook users: your Connect interaction must strictly comply with Facebook's applicable Terms and Policies. Posting a notice that casts Facebook's Connect system in a negative light will likely become counterproductive to your stated goals of working together with Facebook's developers. Facebook reserves its right to deny approval for any Facebook Connect application for any reason.

I would still like to go over these items together on the phone. Are you available for a call tomorrow (Tuesday)? If so, what time?

Please confirm that you agree with these terms, and that you will commit to integrating Facebook Connect by EOD, December 26, 2008. Please also confirm that you intend to provide the written confirmation as described above by that time.

Thanks,

Joe

Thank you for patience to allow us to clarify our plan of action on Power in regards to our discussion on Wednesday.

We decided to move forward with the following steps

1) We will implement Facebook connect on our main login page and work with the capabilities of Facebook connect for the login to our site. Instead of a login for Facebook, users will have a button which then opens the Facebook connect window and allows them to login through Facebook connect. We will say that Facebook connects current capabilities are extremely limited and we would love the opportunity to provide a Facebook connect extension to Facebook that would allow us to enrich the experience for Facebook users. We will show that to the bus dev guys when we have a chance to meet with them.

2) We will delete any Facebook friend information we currently have.

3) We will move forward and use the Facebook features to utilize Facebook's IM, updates, and some other functionality that is already available. After we finish the implementation, we would like the opportunity to get Facebook's feedback. We have some simple innovative ideas that will follow Facebook connects system, but allow for better usability and integration. As stated earlier, we do believe that the user experience of Facebook connect is extremely limited at this stage and we hope to have an open and friendly

relationship with the Facebook team to share ideas and complete solutions to allowing partners to do greater integration while addressing Facebook's concerns.

4) We are finishing a solution that we have already been discussing with other sites that is an extension to Facebook connect that Facebook could enable that will allow us to provide more functionality to Facebook users while protecting all the concerns of Facebook.

5) We do understand that there is no guarantee that Facebook will accept this solution, but our only request is that

6) We estimate that it will take us 2 weeks to completely finish this integration with Facebook connect and shift the user experience for our current users.

7) While have made the decision today to do this, we would request only one thing. We would like to meet with the business dev and guys involved on the product for thinking about solution for providing more flexibility with partners and at least present our simple code that Facebook could add that would allow us to provide a richer experience to our users and at the same time do it in a way that Facebook finds compatible with you they are envisioning their partners working with them in the future.

I believed that this email addresses everything we discussed.

The two requests we have and hope you will facilitate.

1) Can we get an email introduction to the correct people inside Facebook. We only ask for the introduction and we will follow up and see their interest to meet.

2) Provide us 2 (instead of one you offered) to implement this new solution.

We did study Digsby and others and saw the changes they made in their UI to implement Facebook connect.

Please call me now and we can discuss this further. I am heading to a flight shortly.
